WASHINGTON, D. C.,
January 25, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: An application having been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, for an amendment to the Code of Fair Competition for the Grinding Wheel Industry, submitted in part by the Code Authority for the Grinding Wheel Industry and in part by the National Recovery Administration.

The purpose and effect of the Code Authority's proposal is to prohibit the placing of consignment stocks with machine manufacturers and consumers. The amendments proposed by the National Recovery Administration are designed to clarify specific provisions of the Code.

FINDINGS

The Deputy Administrator in his final report to us on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

We find that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among Trade Groups by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of the industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by other wise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, we have approved this amendment.
For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

JANUARY 25, 1935.
